

### 7.1.7

The students of our college occasionally use cycle to save petrol and diesel. Bus facility for all the routes is available for students. Municipality bus facility is also available for students to reach college in time. There is a bus stop outside college for the comfort of the students. The whole college campus is plastic free. The campus is covered with greenery. Science and pharmacy colleges on the campus have botanical garden. It also provides information on botany and acquaints the students with different plants and trees. The garden has a beautiful fountain which adds to the beauty of the campus. Trees are planted on the campus at regular intervals and also maintained properly. Tree plantation programme often takes place with the help of N.S.S. and N.C.C. students. In this way, College strictly follows the slogan 'Clean campus, Green campus' and maintain hygienic atmosphere on the campus. Thus, the college remarkably contributes to 'Swachh Bharat Movement'. The students voluntarily cooperate in this movement. 5<sup>th</sup> June is celebrated as 'World Environment Day' by N.S.S. and N.C.C. students.

The college office is well equipped with internet and lane facility which makes the administrative work easy, accurate and fast. The campus is lucky to have Open Jio Wi-Fi and Nammo Wi-Fi facility. The students take educational advantage of this facility. Especially, the first year students use their tablets for educational purpose. The tablets are given by the State Government.
