<b>17. Does the Institution have Management Information System ?</b>	Yes
If yes, give a brief description and a list of modules currently operational (maximum 500 words)	<p>A Management Information System or MIS is a central data repository capable of not only gathering, organizing, and storing student data but also processing and analyzing it and generating various reports from it. This is MIS in a broader sense. Education Management Information System (EMIS) is a system that monitors the performance of education programs offered by the institute and manages the distribution and allocation of educational resources. It manages, plans, and strategize to implement work processes to execute the education system smoothly. Of course, in the field of education, education MIS has specific roles to help an educational institution grow. Initially, the primary purpose and use of management information systems (MIS) were to make school office activities more efficient. MIS provides administrators and teachers with the information they need for effective planning, policy development, and evaluation. Nowadays many higher education institutions are looking forward to implementing comprehensive education management solutions to align academic processes and deliver a better student experience.</p>

**Part B**

**CRITERION I – CURRICULAR ASPECTS**

**1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Every semester of the academic year begins with the staff meeting in which the Principal announces different college internal committees and guides the faculty members about curriculum planning and implementation. IQAC prepares academic calendar of the college and the copies are circulated to every Head of the Departments. Programme-wise time table is prepared by the time table committee. Heads of the Department organize the meetings of the faculty members of the department, in which the academic planning, review of the result of previous examinations, activities to be carried out along with evaluation process are discussed. The entire process of curriculum delivery is monitored by the heads of the departments and the Principal. Faculty delivers curriculum by using various teaching methods and teaching aids. The same is also applied to the practical in the science faculty. Faculty members prepare their own teaching plans accordingly and the record of it is maintained in their personal

academic diaries. Library resources like text-books, reference books, periodicals, journals, and other e-learning resources are provided to the students and faculty in the library of the college. The various departments of the college organize workshops, seminars etc. to update the knowledge of students and the faculty. Through such activities, there is an interaction between students and experts. Faculty members are also deputed to attend the orientation programmes, refresher courses, workshops on restructuring of syllabi, seminars and conferences organized by the other colleges and universities to update their knowledge in respective subjects. Efforts are also taken to inculcate subject and other knowledge through lectures, guest lectures, field projects, study tours, surveys, field and industrial visits, etc. It helps in effective implementation of the prescribed curriculum. Along with traditional lecture method, the faculty members also use ICT. The college has provided separate LCD projectors to almost all departments for effective teaching learning process. Models, charts and maps are also used to teach the curriculum to support teaching. Faculty use various evaluation methods such as internal unit tests, home assignments, tutorials, seminars, group discussions and projects. The university conducts semester wise examinations and the results of university examinations of our college are very good. As a result of effective curriculum delivery, some students of the college have received gold medals and distinctions in university ranking scheme. Feedback on effective implementation of the curriculum is also taken from students, teachers, parents and alumni. The mentor-mentee committees and Students' Satisfaction Survey (SSS) provide appropriate feedback on teaching learning process in the college

**1.4 – Feedback System**

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?  
(maximum 500 words)

Feedback Obtained
<p>Feedback was prepared to evaluate the teachers' performance and the curriculum, teaching, learning, evaluation and the various facilities in the college. The students recorded their views on printed format. The format is divided into two parts - Part-I consist of 10 parameters to evaluate the faculties of the college and Part-II consists of 20 parameters regarding the overall administration and facilities of the college. The feedback form provided a grade scale (poor, average, good, and excellent) to the students to evaluate the feedback parameters. For an impartial analysis on feedback, the data was collected from the twenty different departments of the college and from the different semesters including Science, Arts and Commerce streams. Basic statistical tools are used to analyse each criterion and are presented in charts. The average performance of the faculties was found ranging from good to excellent in terms of the score received from the students in all the 10 parameters. But, in a few cases it was noticed the average grade or lower. In this regard, suggestions, counselling and support have been provided to concerned faculty for enhancement of teaching-learning performance for quality education. Feedbacks from Teachers and alumni are collected through Google forms regarding course progression etc and are analysed and used for improving</p>

Teaching-learning practices. Feedbacks from Employers are taken through a written questionnaire while feedbacks from parents are taken by the respective departments.

## CRITERION II – TEACHING- LEARNING AND EVALUATION

### 2.1 – Student Enrolment and Profile

#### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

In our institution, mentoring system has been introduced from 2018-2019, for establishing a better and effective relationship between student and teacher and also continuously monitor, council and guide students in educational and personal matter. All teachers work as mentors for students allotted to them. The students must feel to confide in their mentors. This is a continuous process till the end of academic career of student. The aim of student mentor-ship is – 1. To enhance teacher –student relationship. 2. To enhance student's academic performance and attendance. 3. To minimize student's dropout ratio. 4. To monitor the student's regularity and discipline. 5. To enable the parents to know about the performance of regularity of wards. The IQAC had taken the initiative of implementing the mentoring of students. Students are based on the streams of studies and also according to their core subjects. They are divided into groups of 20-25 students. Mentors maintain and update the mentoring format after collecting all necessary information. Mentors are expected to offer guidance and counselling as and when they required.

### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The Institute is affiliated to HNGU Patan and follows the Examination pattern of the university. Anna University guidelines are strictly adhered to with respect to evaluation process. There are three Internal tests conducted. The schedules of internal assessments are communicated to students and faculty in the beginning of the semester through institute academic calendar which is prepared based on the university academic calendar. The institute has reformed the continuous internal evaluation system from faculty centric to student centric. The Institute Exam cell framed guidelines for conducting the CIE in line with calendar of the Affiliate University and the Institutions. As per the guidelines, the following reforms have been carried out effectively conducting CIE: - Scheduling of Internal Examination, Seating arrangements, hall invigilators listed for every examination. - Preparing the question paper for the internal examination in the prescribed pattern based on Knowledge level

using revised Bloom's taxonomy. - Scrutiny of the prepared question paper is carried out by HoD/ Subject expert to ensure quality of the Question paper. -Monitoring the attendance of the students for the Examination. - Internal Assessment has to be carried out within the stipulated time. - After completion of the internal examination, the faculty evaluate the answer scripts and distribute to the students for doubt clarifications or re-correction. The faculty submits the re-corrected scripts to the examination branch and marks are displayed on the notice board. -Result review meetings are conducted with result analysis and the remedial actions for further improvements are arrived after discussion with faculty, HoD and Principal.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Before the commencement of the academic year, the Institution prepares and publishes 'Academic calendar' containing the relevant information regarding the teaching learning schedule (working days), various events to be organized, holidays, dates of internal examination, semester examination etc. The academic calendar is prepared so that teachers should know all the activities regarding continuous internal evaluation process and it is also published on website of the college and displayed in the Principal's office. The students' academic progress is monitored regularly by adopting the strategy of continuous internal evaluation, seminars, project work, unit test and semester examinations. The review of internal assessment is taken by the Principal regularly. For the implementation of Internal Assessment Process, Examination committee is formed at the college level which monitor overall internal assessment process. The examination committee, send the information to the University about the students who are appearing for the examination. After receiving enrolled list of the students' by the University, the college prepares seating arrangement chart, list of invigilators etc. The record of internal assessment is maintained at college level. Every department has to submit the compliance of the academic calendar as part of their annual submissions. In addition the internal audit conducted which ensures the compliance to verify with documentary evidence.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

This college is affiliated with HNGU Patan. The CBCS also provided a cafeteria type approach in which the students could take courses of their choice, learn at their own pace, undertake additional courses and acquire more than the required credits, while adopting an interdisciplinary approach to learning. The curriculum that was designed under autonomy followed an integrated approach, backed by the vision and mission of the institution. The mission of the institution is well integrated in the varied departments of the institution. Each Department has its mission that drives the curriculum design based on the Learning Outcome Curriculum Framework (LOCF). The mission of every department propels the desired programme outcomes (POs) and course outcome (COs) and has also eventually led to the development of a Learning Outcome Curriculum Framework (LOCF) document. The LOCF of each department are in sync with the

regional, national and global requirements. The institution adopted a step-by-step process in the development of the LOCF as follows

1. Curriculum Design ? Workshops involving experts on curriculum design was conducted for the faculty members. ? Establishment of the Governing Body, Academic Council and Board of Studies with a fair mix of academicians, industry experts and excelling alumni. ? Benchmarking trips to autonomous institutes of repute.
2. Programme and Course design The Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and the Course Outcome (COs) helped in the designing and development of the course. The course has its course objectives and course outcome which were clearly defined and measurable. The course design followed a step-by-step procedure ? Development of a course syllabus, pedagogy to be adopted and the assessment ? Discussion/deliberation and approval from the Board of Studies (BOS)/ Academic Council/ Governing Body through meetings.
3. Integration of LOCF: ? Development of a course syllabus, pedagogy to be adopted and the assessment in relation to LOCF ? Discussion/deliberation and approval from the Board of Studies (BOS)/ Academic Council/ Governing Body through meetings. Thus, the curriculum and the designed programme/course was based on the inputs provided at the various levels i.e. Board of Studies, Academic council and Governing body. Parvatibai Chowgule Institution developed a comprehensive curriculum that consists of four components in the curriculum a) Subject specialization b) Foundation courses c) Extra-Curricular and d) Internship. All of these ensures an ideal synchronization of the curriculum, the pedagogy and the assessment of the learning outcomes vis-à-vis the course/ programme outcome and mission of the department and institution based on local/national and global standards/needs. The engagements with varied stake holders ensure that the curriculum prepare the graduates/post graduates
