#### A survey of Anganwadi Children's Nutritional Status - 2022-23

#### A survey of house hold Diet in Rural Areas - 2022-23

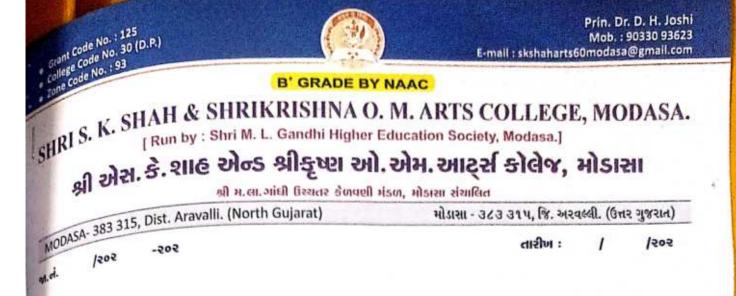

Chairperson: Prof. Pushpaben Garasia

Committee Members: Dr. Manjulaben Solanki Dr. Vandana Parmar

#### Field Research Project

#### Department of Home-Science

The Following Research project on the topic of 'A Survey of Anganwadi Children's Nutritional status' has been conducted by the students under the guidance of Dr. Piyush Sinh of the Department of Home-Science during the year of 2022-23.

Objective of the Research: The Survey is conducted to analysis condition of nutrition amongst Anganwadi children and their physical fitness.

Method of Research: Anthropometry

Number of Respondents	Name of Students	
	<ol> <li>Darji Haniben K.</li> </ol>	
	2: Barot Vishali S.	
47	3. Suthar Hemaben S.	
	4. Patel Itishaben A.	
	5. Patel Richaben B.	
	6. Luhar Kudsiyabanu M	
	7. Patel Bhavishaben P.	
	8. Panchal Divya H.	
	9. Luhar Irfanabanu S.	

Outcome: After conducting the survey in six Anganwadi, it has found that majority children are healthy; however, some of the children are underweight and malnourished.

#### **Field Research Project**

#### **Department of Home-Science**

The Following Research project on the topic of 'A Survey of Household Diet in Rural Areas' has been conducted by the students under the guidance of Prof. Pushaben Garasia, Head of the Department of Home-Science during the year of 2022-23.

Objective of the Research: The Survey is conducted to analysis condition of nutrition amongst villagers and their awareness towards malnutrition.

Method of Research: Survey in questionnaire form

Number of Respondents	Name of Students		
	1. Pagi Tejalben N.		
	2. Makwana Sonalben		
50	D.		
	3. Bharvad Vaishali S.		
	4. Damor Mittal K.		
(advadi (Ta - Meghzáj)			
	6. Asari Laxmi A.		
	7. Kharadi Mamata R.		
	50		

**Outcome:** After conducting the survey in five villages, it has found that villagers are not aware about quality of food. Malnutrition is a bigger issue; however, poor economic condition, big family size and unemployment are the reasons behind their lack of food quality.
