## REPORT

Under MOU with Vision Enterprise , our institute organized visit to Vision Enterprise for the welfare of the students on **10/08/2023**. The aim of visit was to make the students aware about the current scenario of batteries . 10 students participated actively and asked questions regarding the different functions of the battery to the owner of Vision Enterprise. The students were eager to know about the function of the battery as well as hoew to recharge the battery. The staff of Vision Enterprise was very supportive. The owner showed the workshop to the students. When the students visited workshop, they came to know about the hardship of mechanics. They came to know how the lower class people worked to earn their livelihood. As Pope said, “The Proper study of mankind is man.” The students made themselves aware of the hardship of life.
