### 3.2.1 Innovation Ecosystem

#### 3.2.1 Institution has created an ecosystem for innovations including incubation centre and other initiatives for creation and transfer of knowledge

##### Response:

The institution has always been positive and genuine in creating an academic atmosphere that is encouraging, creative, innovative and progressive to all the stakeholders. The entire teaching learning process, the utmost purpose has been to create a bunch of students and teachers who excel in whatever they are engaged and to promote flavour for research and development. The Institution has constituted a Research Committee to promote, facilitate and monitor research activities in the College. The following initiatives have been taken for creation and transfer of knowledge in the institution.

The Research Committee encourages and provides necessary guidance to the faculties in submitting research proposals to UGC and other funding agencies.

It also helps departments in submitting seminar proposals and motivates the teachers to pursue Ph.D. degree. The institute encourages and facilitates the faculties for attending seminars/workshops and presenting their research papers.

- The institute also encourages the faculties for publishing research papers.
- The teachers are encouraged for publishing research papers. They are provided with umpteen opportunities to submit innovative research papers, publish them as chapters, books and in journals with ISBN and ISSN respectively.
- To facilitate smooth progress and implementation of research scheme/project following steps are taken:
- Due independence is given to the teacher plunged into research work. Due facilities are made available for all the research work.  
Resources like, laboratory, equipment, computer, internet, Journals, Chemicals, Glassware, etc., are provided for research work.  
Separate research section in central library is developed to access back volume of research journal and thesis. Each teacher can make use of e-library due to personal account in INFLIBNET. The College has signed MOU with other academic institute research institute and industry for research co-operation.

We have the innovation club in our college. This club is well equipped with drone camera, telescope, censor technology, electronic kits, ergo technology etc. All these things are very helpful to the students in the field of innovation; we organize training for the students about how to use these things practically. Besides, this the training for coding and entrepreneurship. We also motivate our students to participate in the competition.

The students of different department participate in the activities like national and international seminars, poster making, camp, workshop etc. our students are also active in sport activities, one of our students played base-ball in the national team. We also run the distance learning programme like BAOU and IGNOU. We have also informed our students regarding online courses of Swayam.

The Sanskrit department of our college organized the exhibition of Sanskrit books to promote Sanskrit language. The economics department also organized one week programme on the subject of co-operation for the students.

The Gujarati department also has organized expert lectures for the students of our college. The language awareness programme is conducted for the betterment of Gujarati. The history department takes the students to the museum for their better understanding of archeology. Department of Hindi also organizes the different competition like: poetry writing and invites guests to promote Hindi language in our institution. We have an active English department. We have established Dell English language lab in our college. We run scope in the language lab and organize expert lectures in our college.

The Psychology department has established G-set guidance center, counseling center to help the students. Home science department conducts the various activities like: Rangoli making competition, Mahendi competition, food making competition, essay competition, seminars, expert lectures in our institute. We have food and nutrition, clothing and textile laboratories. We also provide the demo of the different instruments in family resources management.
