## Policy Document on the Green Campus

**Green Campus:** A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

**Objectives of the Go Green Programme:** The first step of the Go Green Programme involves establishing a viable Green-Campus Committee, within the organizational structure of the Institute. Hence, to give this initiative more clarity and authenticity, we now roll out a POLICYDOCUMENT spelling out the strategies, plans and other allied tasks to make this Program functional officially. We believe that greening the campus is all about sweeping away wasteful inefficiencies and using conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies and effective recycling program. The administration of the Institute believes that everyone has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. Every individual of Shri S.K.Shah and Shrikrishna O.M. Arts College Campus will work, may he/she be a student, faculty and support staff to foster a culture of self-sustainability and make the entire campus environmental friendly. The Green Campus Initiatives (GCI) will enable the institution to develop the campus as a living laboratory for innovation.

### **B. Role of the Go- Green Campus Programme :**

The impetus for a successful Green Campus must begin at the top and emanate throughout the rest of the campus. Without a strong message of commitment and involvement from both the Chairperson and Members of the Committee, well-intentioned initiatives may be too fragmented to allow for Institute-wide participation. Thus in view of this, the committee will plan and execute to:

1. Seek views of all the Stakeholders to make the Go Green Campus initiative functional throughout the year.
2. Conduct the Campus' environmental impacts to identify the targets for improvements.
3. Establish a Green Campus Environmental Ethic Awareness campaigns.
4. Set forth a Green Campus Mission and a Statement of Principles.
5. Link Green-Campus activities to Academics in the Institute.
6. Organize Awareness Programs for the students, faculty and society.
7. Chart out a yearly planner for the Institute, local community and Stakeholders.
8. Develop a strategic plan and create student teams to carry out specific tasks Of the strategic plan. For instance, a plan to save energy at the institute level with time bound plan to install Solar Power Station mandatorily either at the top of Institute building or in open field. This will enable the institute to have 24×7 power supply.
9. Phase out the CFL and conventional light source such as bulbs and tube lights, halogen and mercury street/campus lights and get them replace by the LEDs.
10. Conduct an Annual Green, Environment and Energy Audit.
11. Purchase only Energy Efficient Computers viz: "ENERGYSTAR" or any other equivalent.
12. Establish public/private partnerships with personnel from federal, state, And local environmental agencies, utilities, and the business community.
13. Evaluate daily operations in terms of pollution prevention, waste stream management, and energy efficiency reducing, reusing, recycling, and repairing wherever possible.
14. Secure a commitment up front from the people in charge that well-founded recommendations will be acted upon once audits are completed

### 1. Promotion of “Save Energy Tips” in and outside the Institute:

Activate power management features on your computer and monitor so that it will go into a low power “sleep” mode when you are not working on it.

- Turn off your monitor when you leave your Table.
- Activate power management features on your laser printer.
- Whenever possible, shut down rather than logging off.
- Turn off unnecessary lights and use daylight instead.
- Avoid the use of decorative lighting.
- Use LED or compact fluorescent bulbs.
- Keep lights off in conference rooms, classrooms, lecture halls when they are not in use.
- Use the fans only when they are needed.
- Unplug appliances not plugged into power strips (like TVs, Refrigerators, ACs, tea/coffeepots, printers, faxes, and chargers etc.)

### 1. Waste water Management/ Rain water harvesting:

The Institute has to work in the direction of waste water management particularly in student’s hostels. Water flow restrictors on bathroom faucets and showers, low water flow toilets and automated urinal flushers should be used to cut down campus water use. The Institute will take all necessary measures to implement waste water management /rain water harvesting.

### 2. Major Green Campus Initiatives:

- \* Installation of Solar Power Station Waste water Management/ Rainwater harvesting.
- \* Development of Sewage Water Treatment Plant
- \* Use of Micro-scale techniques
- \* Sensor based energy conservation
- \* Displayed poster on E-waste Management
- \* Maintenance of water bodies and distribution system in the campus
- \* MIS to make paperless administration
- \* Plastic free Campus
- \* Tree Plantation Drive
- \* Cleanliness Drive
- \* Landscaping and gardens
- \* Use of LEDs only
- \* Digital Library/ E-Learning Centre
- \* Organization of sensitization programmes for the stakeholders
- \* Establishment of Environment-Club
- \* Green, Environment and Energy Audit conducted
- \* Restricted entry of automobiles
- \* No Vehicle Day observed
- \* Involve students in college Green audit, Energy audit, Environment audit Programmes
- \* The Institute will make all the necessary efforts to involve the students, faculty and staff in “Green Campus Initiatives” by designating the volunteers of Environment Club, NSS & NCC cadets, printing T shirts/ Caps with green campus initiative slogan specially designed for purpose

**RenewSys**  
let there be light

**DESERV**<sup>TM</sup>

3M6- 250/255/260/265/270

DESERV 3M6 Series consists of PV Modules with power ratings ranging from 250 Wp to 270 Wp. The high performance Multi Crystalline Silicon Modules are designed for on-grid as well as off-grid applications.

### KEY FEATURES

Made in India

PID resistant

Positive power tolerance

25  
YEARS

Limited power output warranty

Highly reliable Anti-reflective coated glass

10  
YEARS

Product warranty

Windspeed - 2400 Pa  
Snowload - 5400 Pa

CE

dewa

IP67 Junction box

IEC Certified - 61215, 61730, TS 62804, 61853

IEC 61701 (Salt mist corrosion resistant-Severity 6)

IEC 62716 (Ammonia corrosion resistant)

UL Certified 1703

IEC 60068-2-68 (Sand Abrasion)

Listed in Dewa

1000 V DC

IMS Certified Company (ISO 9001:2015 & DHSAS 18001:2007)

RenewSys has a global presence with offices in Dubai, Johannesburg, Lagos, London, Mauritius and Singapore as well as representative offices in USA and many countries of Europe.

# SOLAR TOUCH SYSTEMS

An enterprise of Theta Solar LLP

## Project Details

Client	Modasa Arts & Commerce College
Contact person	Mr. Navinbhai
Site location	Modasa
Scope of Project	20 KWp Grid connected solar rooftop PV system.

## Associated Savings

Solar PV rating (kW)	Units generated from Solar system (per month)	Cost Savings (per month) in INR*	CO <sub>2</sub> reduction (tonnes per year)
20	2400	12000-18000	20.7

\* Subject to Discoms tariffs.

## Cost of the system

Product	Make	Price per Wp (₹)
Solar Module	Navitas	25
Inverter	Growatt	7
Mounting Structure (Hot dip galvanised/Cold Rolled Iron)	NA	7
Design, Accessories, Civil & Electrical Works	NA	5
Freight	NA	1
Total	NA	45

Total Cost of the system  
For 20 KW

₹9,00,000

Discount

₹30,000

Total

₹8,70,000

SOLAR TOUCH SYSTEMS

C/216, Siddhivinayak Towers, Besides Kataria House, Off. S.G. Highway,  
Makarba, Ahmedabad -380051

# SOLAR TOUCH SYSTEMS

An enterprise of Theta Solar LLP

## Terms & Conditions:

<b>Taxes</b>	Inclusive
<b>Octroi</b>	As applicable (borne by client)
<b>Warranty details</b>	<b><u>Solar PV Module: (For Navitas)</u></b>  Product Warranty: 10 years Power Warranty : 10 years of 90% Output Power; 25 Years of 80% Output Power  <b><u>Inverter: (For Growatt)</u></b>  Product Warranty: 5 years
Force majeure clauses as applicable	
Any additional terms would be finalized with mutual discussion.	

## Services Included:

- Engineering/designing, procurement and supply, handling, erection, installation, testing & commissioning of SPV modules, cables, structures, civil work, electrical balance of system.
- Most optimum design based on good engineering practices.
- Applying for net metering and obtaining the pertaining permission from the distribution company.
- Operation & Maintenance for 5 years.

## Payment Terms:

Token	5%	43,500
On the day of Structure Arrival	30%	2,61,000
On the day of Inverter Arrival	15%	1,30,500
On the day of Module Arrival	35%	3,04,500
Commissioning	15%	1,30,500

## Activities for the implementation of the initiatives (2018-2024)

### Celebration of World Sparrow Day

The house sparrow, a charming bird that thrives around human settlements, is witnessing a sharp decline in various parts of the country. Unfortunately, this issue has transcended political and national boundaries, affecting numerous countries worldwide. Consequently, the decline of the sparrow population has become a matter of deep concern and is being actively discussed by academicians, social workers, researchers, and the general public.

Given this alarming trend, there is a growing sentiment that the government should implement appropriate measures to protect the environment, including safeguarding the sparrows. Nonetheless, the responsibility to care for our environment does not rest solely on the government. Since we all equally share and benefit from the various components and amenities of the environment, it is incumbent upon every student and citizen to contribute to its welfare.

In an effort to play our part in this important cause, the 'NSS Unit' of Shri S.K. Shah and Shrikrishna O.M. Arts College will celebrate "World Sparrow Day" on March 20th. This event aims to raise awareness about the plight of the house sparrow and encourage collective action to ensure its conservation.

### Save Water Day Celebration

On March 20, Shri S.K. Shah and Shrikrishna O.M. Arts College celebrated Save Water Day with great enthusiasm and dedication. The event aimed to raise awareness about the importance of water conservation and to encourage sustainable practices among students, faculty, and the local community.

**Awareness Rally:** Following the inauguration, students participated in an awareness rally around the college campus and nearby areas. They carried banners and placards with slogans like “Save Water, Save Life,” “Every Drop Counts,” and “Conserve Water, Conserve Future.” The rally aimed to spread the message of water conservation to the wider community.

**Expert Talks and Workshops:** Several sessions were organized where experts shared their knowledge and experiences related to water conservation techniques. Workshops on rainwater harvesting, greywater recycling, and efficient water use in households and agriculture were conducted. These sessions provided practical insights and motivated participants to adopt water-saving measures.

**Competitions:** To engage students creatively, various competitions were held, including poster making, essay writing, and slogan writing, all centered around the theme of water conservation. The participants showcased their talent and expressed their views on the importance of saving water.

**Plantation Drive:** A tree plantation drive was also organized as part of the celebration. Students and faculty members planted saplings around the campus, symbolizing the commitment to nurturing the environment. Trees play a significant role in maintaining the water cycle, and this activity underscored the interconnection between trees and water conservation.

**Pledge Ceremony:** Towards the end of the day, a pledge ceremony was conducted where everyone present took an oath to conserve water in their daily lives. The pledge highlighted personal responsibility and the collective effort needed to address water scarcity issues.

### Environment Day

Celebrating Environment Day on June 5th at Shri S.K. Shah and Shrikrishna O.M. Arts College was an enriching experience marked by various insightful activities and initiatives. The event aimed to raise awareness about environmental conservation and sustainability among students and faculty.

The day started with a report highlighting current environmental issues and their impact on our planet. Students actively participated in discussions, presentations, and workshops focused on practical solutions and individual contributions towards a greener future.

Various campaigns were launched, including tree-planting drives, waste management workshops, and awareness sessions on reducing plastic usage. These activities not only educated but also inspired everyone to take proactive steps towards preserving our environment.

Guest speakers and experts shared their knowledge, emphasizing the importance of collective responsibility in tackling environmental challenges. The college community pledged to continue these efforts beyond the event, ensuring a lasting impact on campus and in the wider community.

Overall, the celebration of Environment Day at Shri S.K. Shah and Shrikrishna O.M. Arts College fostered a sense of environmental consciousness and commitment to sustainable practices, reinforcing the college's dedication to nurturing responsible global citizens.
